

Filu&Ferru.

The name comes from an ancient Sardinian marc distillate.

It is a transparent, strong and generous beverage, deep warmth for tasters and delight for givers. It is family and home intimacy in winter. It is a refreshing and invigorating taste.

I've thought of the name for this Brem radiator because of resonant echoes name "Filo & Ferru" (thread & iron) and for home warmth, hospitality and intimacy.

BREM'ART CREATIONS

The artist suggests the panels in Sablè quartz grey color SB 7039. Other table sablè colors Brem without supplement.
